Reach Ahead and Experiential Learning Opportunities:

Reach ahead experiences enable students to gain confidence in their ability to be successful, refine skills and work habits, and make informed choices about future careers and next steps. Experiential learning opportunities are planned learning activities that take place outside the traditional classroom setting.

Examples of reach ahead and experiential activities are:

- attending a conference or workshop held by the sector
- a day-long observation of a person working in the sector
- participating in a sector activity
- a career talk by a local sector representative
- interviewing an employee in the sector
- interviewing a college or university student enrolled in a program related to the sector
- attending a college or university class in the student's area of interest
